

PADDLE WHEEL KITS

Model paddle wheels - the **easy** way!

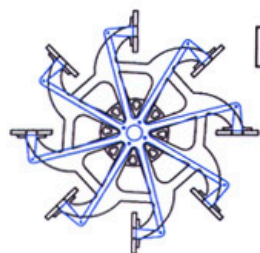

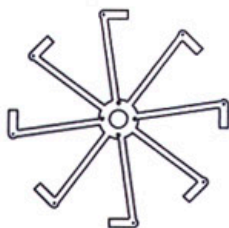

Ever thought of making a model of one of the graceful paddle steamers of yesteryear, but were put of by the thought of making the paddle wheels?

These paddle wheel kits will help you overcome this obstacle.

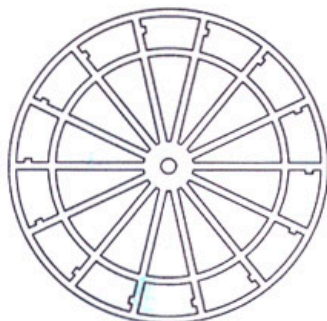

100 and 140 mm. Diameter Rimmed Paddle wheel kits

Optional Imitation feathering gear for the
100 and 140 mm Diameter Rimmed Paddle wheel kits

100 and 140 mm. Diameter Bay steamer paddle wheel kit.

"P.S. Adelaide"
1:24 scale [177 mm Diameter]
Paddle wheels to suit the Murray River paddler
P. S. Adelaide

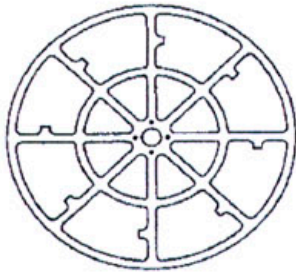

The Paddle wheel kits are comprised of precision laser cut High Impact Polystyrene plastic parts. Included are step by step photo instructions to guide you through the building process as well as aligning tools to simplify construction. The H.I.P.S plastic glues and paints readily with standard hobby plastic glue and paints.
